Construction of a New Jail Building at Bangalore.

SIR,

In continuation of this office No.B.14922 dated the 23rd June 1924, I have the honor to forward herewith, for your information a copy of letter No.895/52-24 dated the 2nd July 1924, from the Inspector-General of Prisons in Mysore, addressed to the Executive Engineer, Bangalore Division, stating that he has submitted his proposals for construction of a New Central Jail at Bangalore and approval thereto is awaited.

2. Further action will be taken on receipt of orders of Government on the suggestions of the Inspector-General of Prisons in Mysore.

I have the honour to be,

S i r,

Your most obedient servant,

S. Shivaswamy Aiya

2/8/24 For Chief Engineer of Mysore.

Letter No.895/52-24 dated the 2nd July 1924, from the Inspector-General of Prisons in Mysore, Bangalore, to the Executive Engineer Bangalore Division, Bangalore.

With reference to your letter No.888 dated 11th June 1924, requesting my opinion regarding the construction of a New Central Jail at Bangalore, I have the honor to state that I have recently submitted to Government a report on the Administration of Prisons in England and Austria with its special application to Mysore. In which I have suggested that:-

(1) the building of the old District Jail at Shimoga be made available for the habitual offenders as a preventive detention prison,

(2) The Jail at Mysore for a Borstal Institution for Juveniles and,

(3) The Central Jail at Bangalore for casuals or first offenders.

2. The above suggestions, if approved by Government, can be accomplished without much initial expense and at the same time fulfil all the requirements for the better administration of the Prisons Department.

3. The separation of the above said three classes of prisoners being very necessary and important in the interest of the Prison-Administration, the construction of three separate Jails at an enormous cost at the present financial depression of our State is impossible and hence the above proposals have been made by me and I am awaiting the Orders of Government on the subject. In the event of the above suggestions, not being approved of by Government and the construction of a new Central Jail is seriously taken up in the near future, the present jail may be shifted to the site situated to the East of Basavangudi Extension on the left side of Kankanhalli road, opposite the boundry stone which was selected by my predecessors in office in consultation with the D.P.W.

4. The New Central Jail to be so constructed will be only intended for casuals or first offenders. The accommodation to be

·ovided for may be restricted to only 500 prisoners. The area
) be provided within the Jail may be taken up at 100 square yards per
mate as recommended by the Jail Committee with a considerably large
xtent of land outside the Jail for Garden and Agricultural purposes.

5. The Jail may be built on the cellular system with all the
)dern improvements and appliances in regard to cooking, bathing,
itrine arrangements, strictly on sanitary principles, with suitable
uildings for recreation and religious services etc. Residential
uarters for all the Jail Officers and Officials and work Instructors
) be built near the Jail together with warder lines for the guarding
;aff. Quarrantine and contact wards have to be built outside the
ail proper. A show room for the manufactured articles of the Jail
ould also be constructed outside the Jail near the Guard Room.

6. The plans and literature received with the l
eference are returned herewith as requested.

In forwarding the enclosed project amounting to Rs.1395000/ for the construction of a Central Jail at Bangalore, I have the honor to state, that there is no objection to the general alignment of the various blocks in the proposed building.

2. The new Jail is to hold more than 1200 inmates which is the maximum number prescribed by the late Indian Jails Committee also. But the new project provides for the accommodation of 1674 inmates as under:-

8	Barracks at 120 each	960
4	Cell blocks at 64	256
1	Quarantine block	60
1	Undertrial block	100
1	Civil prisoners'	25
1	Simple --do--	50
1	Hospital block	60
1	Female prison	86
1	Juvenile prison	60
1	European block	12
1	Isolation "	5
		1674

I think 2 of the association barracks may be given up.

3. Provision has to be made in the rough project for providing quarters for the following Jail subordinates also.

1. Chief Jailor
1. Deputy Jailor
1. Chief Warder
7. Clerks
1. Teacher.
1. Sub Assistant Surgeon.
